

ST. MARY'S SEWANEE

Director of Advancement and Marketing

The Ayres Center for Spiritual Development, an Episcopal retreat and conference center resting on 230 bluff view acres atop Tennessee's Cumberland Plateau and a short distance from the University of the South (Sewanee) seeks an energetic and experienced Director of Advancement and Marketing to assist our Executive Director in promoting our mission through our stewardship efforts in fundraising, both the Annual Fund and an upcoming Capital Campaign, as well as helping a growing number of people discover and participate in our mission. Some travel will be required. For more information, please contact the Rev'd Dr. Andy Anderson at andy.anderson@stmaryssewanee.org or call at 256-503-1251.

We are a place of natural beauty and quiet for retreat, renewal, and learning grounded in the tradition and experience of the Episcopal Church, yet our mission calls us to offer spiritual hospitality to persons of all faiths or of no-faith seeking to nurture their sacred relationships of life.
